COMMUNICATION AND CERTIFICATE.

SACRAMENTO, February 7, 1899

This is to certify that Milton J. Green is not in condition to appear before the Assembly to-day without injuriously affecting his prospects of early recovery.

Respectfully,

F. W. HATCH, M.D

COMMUNICATION.

SACRAMENTO, February 7, 1899

To the Honorable the Assembly of the State of California

I have thought it proper to address you in writing on the subject of my refusal to answer certain questions propounded by your special investigating committee, inasmuch as the condition of my health admonishes me that I may not be able to appear in person at the bar of the Assembly in the near future.

I realize that your honorable body has awaited a time with patience in my case, and I assure you that it has been a matter of regret that I have been compelled to ask your indulgence in this behalf.

I testified before the committee, and here repeat that I never at any time or place paid any money or other consideration, or offered or promised to pay any money or other consideration, to any person as an inducement for a vote for United States Senator.

I deny that any contributions were conditioned upon the express or implied promise that the candidates should support any one for Senator. On the contrary, in most of the cases the contributions were made through some individual members of State, joint legislative, or county committees, but chiefly through prominent and active members of the party. In no instance was there an attempt or offer made by me to corrupt a candidate or exact a promise from him in return for any assistance from me.

Your committee has so found in their report, and have also found that all moneys expended by me were legitimately expended, and your honorable body has adopted this report.

To answer these questions which I failed to answer before the committee would in no instance show improper, illegitimate, or corrupt use of money, nor could such answers, if made, change in the least the findings already included in the committee's report, and adopted by the Assembly. To answer the questions propounded to me would be to divulge confidential communications, and would serve no useful purpose.

It is solely a question of honor with me. I have faith in the rectitude of my intentions, and am absolutely confident that answering these questions would in no wise change the report of your committee or the action of the Assembly.

I mean no disrespect to your committee or the Assembly, and trust that this explanation will convince your honorable body of that fact, and hereby waive my right to be personally present and now submit the matter to your judgment.

MILTON J. GREEN.

RESOLUTION.

By Mr. Crowder:

WHEREAS, Mr. Milton J. Green, being prevented by illness from attending the bar of this House in answer to its citation, has furnished the House with a written statement of his reasons for failure to answer questions propounded to him by the special committee of the House; and

WHEREAS, The said committee has made and filed its report on the main issues presented for its consideration, which report has been adopted by this House, and it appears that no practical good can result to this Assembly, or the people of California, by further consideration of the matters before the said committee; and

WHEREAS, It is desirable that the work of said special committee be brought to a close; therefore, be it

Resolved, That the contempt proceedings against Milton J. Green be dismissed, the report of the Special Investigating Committee heretofore adopted be considered as final, and said committee be fully and finally discharged, on the filing of its report of expenses incurred.

Mr. Dibble demanded a division of the question.

The Speaker decided the question divisible.

Mr. Valentine appealed from the decision of the Chair.

SENATE JOINT RESOLUTION No. 7.

Relating to false branding of food products.

WHEREAS, It has become known to the people of the State of California that many of their staple articles of production, that commend themselves to the consumers of the world by reason of their purity and quality, markets for which have only been obtained by the expenditure of much time and energy, are being counterfeited by unscrupulous persons in many parts of the Union, by the substitution for the pure California product of certain mixtures or articles not the product of California, and labeling the packages containing them as being a pure product of California; and

WHEREAS, The subject of false branding and labeling of articles of food and beverages is recognized by producers and consumers throughout the civilized world as being of vital importance to commerce and the health of the people, being especially so to the producers of California, who, by reason of their large annual output, seek foreign markets for their surplus products, and who find that the good name and reputation of their goods are seriously injured in the markets of the world, and the trade therein restrained by reason of such false branding and labeling; and

WHEREAS, This condition is fully met by the provisions of a bill entitled "A bill for preventing the adulteration, misbranding, and imitation of foods, beverages, candies, drugs and condiments in the several States, the District of Columbia and the Territories, and for regulating interstate traffic therein and for other purposes," introduced in the National House of Representatives by Hon. Marriot Brosius (H. R. 9154), and in the Senate by Hon. Charles J. Faulkner (S. No. 4144), and indorsed by the National Pure Food Congress, which makes such false branding and labeling a misdemeanor, Section 5 of which provides that the term "misbranded," as used therein, "shall include all drugs, or articles of food, or articles which enter into the composition of foods or condiments, the package or label of which shall bear any statement purporting to name any ingredients or substances as not being contained in such article, which statement shall be false in any particular, or any condiment or food product which is falsely branded as to the State or Territory in which it is manufactured or produced"; therefore, be it

Resolved by the Senate and Assembly, jointly, That we hereby instruct our Senators, and request our Representatives in Congress from this State, to urge by all possible means the passage of the Faulkner and Brosius bills by Congress at an early date; and be it further

Resolved, That the Secretary of State is hereby instructed to forward certified copies of the foregoing resolutions to the Senators and Representatives from this State in the Fifty-fifth and Fifty-sixth Congresses

Mr. Wade presented the following petition, and asked that it be printed in the Journal.

So ordered.

WHEREAS, The people of the State of California are taxed to provide sufficient funds to meet an annual expenditure in the shape of a State payroll of \$1,800,000, which payroll includes the expenditure of money for the support of what are believed to be useless commissions, such as the Highway Commission at an expense of \$11,800 per annum, which expenditure is regarded by many as money absolutely thrown away, said commission having no power to accomplish anything except to draw salaries and report; \$3,000 for the attorney to the State Board of Health, an expenditure of the people's money absolutely unnecessary; \$2,000 for the keeper of the archives in the office of the Secretary of State, which position is a sinecure and should not command a salary of over \$900; three clerks at \$1,600 each, where one would be ample; three watchmen and four porters, with very little to do, at \$1,080 each, while as competent men could be hired at \$600 per annum, saving to the taxpayers \$3,360 on this item alone; an elevator man at \$900 is another sample of extravagance, and, to cap the climax, a janitor at \$2,000 per annum. It being the opinion of those well informed on the subject that \$10,000 of expense, in the shape of salaries, could be cut off from the office of Secretary of State alone, and the efficiency of the office be in no way impaired. And so in regard to other State offices; and

WHEREAS, Investigations into the transactions of the Harbor Commission at San Francisco have brought to light the fact that the State is being robbed by paying exorbitant salaries, and hiring unnecessary help; and

WHEREAS, The people of the State of California are disposed to be liberal in the expenditure of money raised by taxation for the purpose of education, yet they demand that such expenditure shall be applied in an economical manner; and

WHEREAS, Many a dollar is expended in this great State in the name of education, the annual payroll of officers and teachers of the University of California amounting to \$250,000—the salaries of the professors ranging from \$1,800 to \$4,000, that of the President being \$8,000—while equally good teachers are glad to get half these salaries outside the University; therefore, be it

Resolved by Napa Grange No 307, Patrons of Husbandry, in regular meeting assembled, That we, the members of said Grange, do hereby, on behalf of the farmers of the State of California, most earnestly protest against the further continuance of the extravagance shown to exist in the expenditure of moneys raised by taxation in this State, and we request that the present Legislature prepare a new schedule of State salaries, fixing them in proportion to the pay received for similar labor in private business, and in keeping with the cost of living, as we believe that an annual saving of over \$500,000 can be made if the Legislature will hew to the line regardless of "pulls" and "political bosses"; and we further believe that if the members of the present Legislature do not heed this advice they are pretty sure to hear something drop when again they stand before the people asking for their suffrages

Resolved, That a copy of these resolutions, duly signed by the Secretary of this Grange, and attested by the Master thereof, be forwarded to our representative in the Assembly of the Legislature, Assemblyman Wade, and that he be requested to read the same to the House, and use his utmost endeavors to have the same carried into effect.

MRS. OLIVE E. BORRETTE,
Secretary of Napa Grange, No. 307, P. of H

Assembly Bill No. 104—An Act to regulate the granting of telephone and telegraph, street railroad and electric light, heat and power, and other franchises, by the municipal authorities of incorporated cities, cities and counties, and towns, within the State of California, and repealing conflicting Acts.

Read third time.

Mr. Mead moved that a select committee of one be appointed to amend Assembly Bill No. 104 as follows:

Amend by striking out all after the enacting clause, and inserting in lieu thereof the following:

“SECTION 1. Every franchise or privilege to erect or lay telegraph or telephone wires, to construct or operate street railroads upon any public street or thoroughfare, to lay gas or water pipes, to erect poles or string wires for transmitting electric current for light, heat, or power purposes, in, on, over, along, or upon any public street or thoroughfare, or to exercise any other privilege whatsoever, hereafter proposed to be granted by the Board of Supervisors, Board of Trustees or Common Council, or other governing or

legislative body (hereinafter called the governing body), of any incorporated city and county, town or city (hereinafter called the municipality), within the State of California (except franchises for steam railroads, and for telegraph lines operating a telegraph system solely, and for renewals of franchises for piers, chutes and wharves), shall be granted upon the conditions in this Act provided, and not otherwise.

"SEC. 2 The person, firm, or corporation (hereinafter called the applicant) desiring to secure a (or any) particular franchise or privilege, shall first file with the governing body of the municipality where the franchise or privilege sought for is to be exercised, an application to such governing body, requesting that there be advertised for sale by such governing body, in accordance with the provisions of this Act, such franchise or privilege.

"SEC. 3 After the filing of such application by such applicant no further action by such governing body shall be had for thirty days. They shall then, at the expiration of the thirty days, if they decide to grant the application of the applicant, advertise a notice of sale of franchise, which shall state, among other things, as follows: That an application for such franchise or privilege has been made to such governing body, together with a statement that it is proposed to grant the same, that sealed bids or tenders will be received for such franchise or privilege, and that it will be awarded to the highest bidder for cash. The advertisement must state the character of the franchise or privilege proposed to be granted, the term of its continuance, and, if for a street railroad, the route to be traversed; that such sealed bids or tenders therefor will be received up to a certain hour on a day named in such advertisement, and a further statement that bids or tenders will only be received of a single sum of money, or amount stated, in lawful money of the United States. Each bidder must inclose with his sealed bid or tender a certified check for the full amount of his bid, payable to the order of the Mayor or other chief executive official of such municipality; the check or checks of the unsuccessful bidder or bidders to be returned to him or them, and the check of the successful bidder to be paid into the treasury of such municipality when the franchise shall have been awarded to such successful bidder.

"SEC. 4. The notice of sale of franchise must be advertised in one or more daily newspapers published in the municipality, wherein the franchise sought for is to be exercised, for ten successive regular issues of such newspaper or newspapers (or if there be no such daily newspaper published in that municipality, then the advertisement may be inserted in a weekly newspaper published in such municipality, if any such there be, once a week for four successive weeks; or if there be no such weekly newspaper published in said municipality, then it is to be advertised in like manner in some daily or weekly newspaper or newspapers published in the same county in which such municipality is situate or else in a newspaper or newspapers published in an adjoining county), and the full advertisement must be completed not less than ten nor more than thirty days before any further action by the governing body.

"SEC. 5. After the expiration of the time stated in the advertisement up to which sealed bids or tenders will be received, the governing body must meet in open session, and must then and there open and read the bids or tenders. The franchise or privilege must then be awarded to the highest cash bidder; *provided, however*, that the governing body may reject any or all bids; *provided further*, that after the bids have been opened and read, and the highest bid has been ascertained, then any bidder or bidders may increase his or their bid or bids to an amount higher by at least ten per cent than such highest bid; and the governing body shall then and there award the franchise to the highest subsequent bidder, who shall there and then deposit the additional sum so bid by him, or a certified check therefor, with such governing body; *and provided further*, that unless the bidder shall file with his bid or tender a bond to such municipality, with at least two good and sufficient sureties, who shall justify, to be approved by such governing body after the bids are opened and before the franchise is awarded, in a penal amount to be by such governing body prescribed and set forth in the advertisement for bids or tenders, conditioned that such bidder shall well and truly observe, fulfill, and perform each and all of the terms, conditions, and obligations of such franchise, in case the same shall be awarded to such bidder, and that in case of any breach of condition of such bond the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon such bond, then no award of any such franchise or privilege shall be made upon such bid, although the same may be the highest, but such franchise or privilege may be awarded to the next highest bidder who shall have complied with this proviso; or, in the discretion of such governing body, all bids may be set aside and rejected, and new bids advertised for.

"SEC. 6 Every such franchise hereafter granted shall contain a clause or proviso requiring the grantee thereof to annually pay into the treasury of such municipality, to the credit of any street improvement fund, a stated per cent of the gross annual receipts arising from the use, operation, possession, or enjoyment of such franchise or privilege, as in this section hereinafter provided. No payments shall be paid for the first five years succeeding the date of the granting of the franchise, but thereafter such payments shall be payable annually, and in no case shall the percentage payments be less than three per cent per annum upon such gross receipts; and the franchise to be forfeited upon the failure of the grantee to make the payments stated in such franchise. The governing body may, however, provide as a condition of such franchise that the payments shall begin at any time less than five years after the date of the granting of the franchise if such franchise is a renewal, or substantially a renewal, of a franchise

already in existence. The applicant in his application shall state the percentage he will be willing to pay, and such amount so named may be rejected, or may be revised with the concurrence of such applicant, in the discretion of the governing body, prior to the granting of such franchise or privilege.

"SEC. 7. When the franchise or privilege sought is for a street railroad, the applicant must state in his application the route to be traversed by such proposed railroad. At any time, then, within the thirty days subsequent to the filing of such application, the person or persons owning a majority of the frontage upon the portion or portions of the street or streets or route to be traversed by such railroad, may petition the governing body to grant the application of such applicant; and if such majority of frontage, or the owner or owners thereof, do so petition, then the governing body shall and must advertise such street railroad franchise for sale, and must then grant the same in accordance with the provisions of this Act; *provided, however*, that the governing body shall, at any time prior to advertising the sale of such franchise, have the right to change or amend the route proposed in the application of the applicant, if such changed or amended route shall be petitioned for by the persons owning a majority of frontage of the property affected thereby.

"SEC. 8. Whenever any person, firm, or corporation operating a street railroad within any such municipality, desires to extend its main line or lines, or to build any branch line or branch lines, upon any portion or portions of any public street or streets within such municipality not then already occupied by the track or tracks of any other street railroad system, such person, firm, or corporation may file an application for a franchise covering such new or additional territory; and if the persons owning two thirds majority of the frontage facing upon the portion or portions of the street or streets or route to be traversed by such extended main line or lines or branch line or branch lines, shall petition the governing body to grant the application of the applicant, and such petition shall be filed with such governing body within thirty days after the application of the applicant has been filed, then the governing body may, in its discretion, at once grant directly to such applicant the franchise asked for, without first advertising the same for sale, and without regard to the provisions set forth in Sections 2, 3, 4, and 5 of this Act, but subject, however, to Section 6 hereof. But no franchise or privilege shall be granted under and by virtue of the provisions of this section for any such extension or branch line exceeding two miles in length; and if so granted, then no franchise or privilege for any further extension of such main line or branch line shall be granted under the provisions of this section to the same grantee.

"SEC. 9. If the franchise or privilege sought is for an extension or branch line of any of the line or lines of a street railroad system now in existence, and it is provided that a percentage of the gross receipts shall be annually paid as a condition of such franchise, then the gross receipts of such extension or branch line for which such franchise is granted, shall be deemed to be the full amount of the receipts from passengers getting on the cars on such extension or branch line, without regard to transfers to or from such extension or branch line.

"SEC. 10. Nothing in this Act shall affect the granting by any such governing body of a (or any) special privilege for a private use for a shorter term than two years.

"SEC. 11. No franchise now existing, or which may hereafter be granted, shall be renewed by the governing body of any such municipality within the State of California, nor shall the extension or renewal of the same be advertised or offered for sale by any such governing body until within one year prior to the date of the expiration of the existing franchise, unless the holder of such existing franchise shall, at the time of making application for such an extension or renewal, tender to the governing body of such municipality a surrender of such existing franchise. The resolution of such governing body, declaring its intention to grant such extension or renewal, shall be deemed to be a consent to such surrender, but such surrender shall only take effect upon the final grant or award of such extension or renewal.

"SEC. 12. Upon the application of the Mayor, or of a majority of the governing body, of any such municipality, it shall be the duty of the Attorney-General of the State to sue for a forfeiture of any franchise, either now in existence, or which may hereafter be granted by any such governing body, alleging in such suit non-compliance with the terms of the franchise.

"SEC. 13. Any member of any such governing body of any such municipality within this State, who, by his vote, violates, or attempts to violate, the provisions of this Act, or any of them, shall be guilty of a misdemeanor and of malfeasance in office, and shall be deprived of his office by the decree of a court of competent jurisdiction, after trial and conviction.

"SEC. 14. All Acts and parts of Acts in conflict with this Act, including an Act entitled 'An Act providing for the sale of railroad and other franchises in municipalities, and relative to granting of franchises,' approved March 23, 1893, and the Act of March 19, 1897, amendatory thereof, and including an Act entitled 'An Act providing for the sale of street railroad and other franchises in municipalities, and providing conditions for the granting of such franchises by the legislative or other governing bodies, and repealing conflicting Acts,' approved March 13, 1897, are all hereby repealed.

"SEC. 15. This Act shall take effect immediately."

So ordered.

Mr. Mead was appointed such select committee.

MESSAGES FROM THE GOVERNOR.

Mr. Dibble moved that the Assembly do now consider messages from the Governor and messages from the Senate.

So ordered.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, February 10, 1899 }

To the Assembly of the State of California

I herewith return to your honorable body, without my approval, Assembly Bill No. 69, with my objections thereto.

This proposed amendment to Section 1772 of the Code of Civil Procedure enlarges too much the powers of a guardian over the property of his ward.

In the history of guardianship in our State experience has shown that much waste and extravagance have occurred, notwithstanding the present restraints which the law imposes.

To remove these restraining provisions by giving to the guardian such extensive control over the property of the ward would be perilous to the estates of minors and insane persons.

It appears to me that the helpless wards should be protected by legislation limiting, rather than increasing, the powers of guardians; and I therefore disapprove the bill.

HENRY T. GAGE,
Governor of the State of California.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, February 10, 1899 }

To the Assembly of the State of California

I herewith return to your honorable body, without my approval, Assembly Bill No. 160, with my objections thereto.

The sum of \$10,000, required by this bill to be appropriated "for the purpose of sending an expert to Australia, New Zealand, or other countries, to collect and import into this State parasites and predaceous insects," is altogether excessive; and, moreover, I do not perceive any urgent need at the present time for such an expedition.

The purpose of this expedition to all quarters of the earth for undiscovered bugs is not apparent. The special qualities of the parasites and predaceous insects desired are not specified in the bill, so that it is impossible to determine whether they are designed to prey upon the parasites which infest trees, beasts, poultry, or some men.

The appropriation of so much money for so indefinite a purpose should, under no circumstances, be permitted.

Even should such a tour of investigation prove to be necessary (and I personally do not think so) this bill calls for an immediate appropriation of money from the General Fund of the present fiscal year. In my inaugural address I called the attention of your honorable body to the vice of such legislation requiring immediate appropriations, thereby tending to deprive the Government of the money needed to pay accrued demands and its current expenses.

HENRY T. GAGE,
Governor of the State of California.

Mr. Dibble moved that the messages be printed in the Journal, and lay over as unfinished business.

So ordered.

MESSAGE FROM THE GOVERNOR.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, {
SACRAMENTO, February 10, 1899

To the Assembly of the State of California.

I have the honor to state to your honorable body that claims have been presented to the Board of Examiners by numerous newspapers for various sums of money for the publication of the constitutional amendments, submitted to the people of California at the last general election, some of which are as follows:

San Francisco Call, \$6,900; Examiner, \$7,170 48; Chronicle, \$3,450; California Democrat, \$2,500; Herald Publishing Co. San José, \$1,160; San Diego Vidette Publishing Co., \$1,000; L'Italia, \$2,100; San Francisco Report, \$2,500; Argus Publishing Co., Alameda, \$1,000; Mercury Publishing and Printing Co., San Jose, \$1,000; Sacramento Bee, \$1,184 63; Tribune Publishing Co., Oakland, \$2,160; San Francisco Abend Post, \$1,000; San Francisco Evening Post, \$2,500; and other newspaper claims in different sums, in all aggregating upwards of \$69,000.

Those claims have all been disallowed by the Board of Examiners, because, among other reasons, in the opinion of the board they were not authorized by any existing law.

Many of these claims are for publications made without any authorization therefor, the claimants relying upon the generosity of the State to pay for the publications made. The other claimants rely upon the fact that my distinguished predecessor authorized the publications. The authorizations were made apparently under the statute entitled "An Act to provide for the submission of proposed amendments to the Constitution of the State of California, to the qualified electors for their approval," approved March 7, 1883 (Statutes of 1883, page 53).

The law at the time of the alleged arrangements between my predecessor and some of the claimants does not seem to warrant the action taken in that behalf.

The Act approved March 7, 1883, declares it shall be the duty of the Governor to advertise such proposed amendments in at least four newspapers of general circulation in this State for three months next preceding the general election, when "no other mode is provided by law."

At the time my predecessor proceeded under the Act of 1883 there *was* another "mode provided by law," namely, by Sections 1194 and 1195 of the Political Code of California, which are as follows:

"Section 1194 At least fifteen days before an election to fill any public office the County Clerk of each county shall cause to be sent to the chairman of the county committee or each organized political party of each county the nominations to office certified to him by the Secretary of State, and also all those filed with the County Clerk. In all counties where a new registration shall take place preceding the next ensuing election, the County Clerk shall cause the name of each voter, as enrolled, to be addressed upon an envelope, and also the number of the residence of said voter, or the correct postoffice address of said voter, as the same is written on said register, and which name and address shall be written on the envelope at the time that each voter is duly registered thereon. All of said envelopes shall be securely kept by the said County Clerk, and ten days before election to fill any public office, he shall cause to be folded and placed in said envelope for mailing, sample ballots containing the nominations to office certified to him by the Secretary of State, and also all those filed with the County Clerk, each of which shall be enclosed in said envelope, and cause the same to be mailed in the United States postoffice as printed matter, for delivery to each of said voters. The mailing of all of said envelopes containing sample ballots, as aforesaid, shall commence at least ten days before the time of election to fill any public office, as aforesaid, and continue so that all of said envelopes containing said sample ballots shall have been mailed at least three whole days before the day of election to fill any public office, as above provided. If a new registration does not take place in any county preceding the next ensuing election, the County Clerk shall cause envelopes to be addressed to each voter, together with the number of the residence of said voter, or correct postoffice address, as the same appears upon the register corrected at that time, as the law provides, and cause to be inclosed therein the nominations to office certified to him, as aforesaid, and cause the same to be mailed in the manner and within the time as above provided. The clerk or the secretary of the legislative body of any incorporated city or town with whom the names of any candidates have been filed, shall mail, in the United States postoffice, envelopes addressed to each voter, together with sample ballots inclosed therein, the list of nominations filed with him, in the same manner as the list of nominations mailed by the County Clerk, as provided in this section.

"Section 1195. Whenever a proposed constitutional amendment or other question is to be submitted to the people of the State for the popular vote, the Secretary of State shall duly, and not less than twenty-five days before election, certify the same to the Clerk of each county of the State; and the Clerk of each county shall include the same in publication provided for in Section 1194 of this Code."

At the time section 1195 was amended, the said section then, as well as now, referred to Section 1194 "as though it had been inserted therein *in extenso*"; and then the language of Section 1194 was as follows:

"Section 1194 At least ten days before an election to fill any public office, the County Clerk of each county shall cause to be published, in at least two newspapers of general circulation within the county, the nominations to office certified to him by the Secretary of State, and also all those filed with the County Clerk. He shall make not less than two such publications in each of such newspapers before election day, one of such publications being made upon the last day upon which such newspaper is issued before the day of election. The list of nominations published by the County Clerks of the respective counties shall be arranged in the order and form in which they will be printed upon the ballot. The clerk or the secretary of the legislative body of any incorporated city or town with whom the names of any candidates have been filed, shall publish in the same manner the lists of nominations filed with him; but where only one newspaper is printed in any county, city, or town, then publication in such newspaper shall be deemed sufficient, and where no newspaper is printed in such county, city, or town, publication shall be made through any newspaper designated by the Board of Supervisors of said county or the legislative body of such city or town, and by posting copies of the ballot in three of the most public places in such county, city, or town, not less than ten days before the day of election."

In this connection, perhaps, it would not be amiss to bear in mind the rule of statutory construction laid down in *People vs. Whipple* (47 Cal., 592), and in many other cases, as well as those principles of law carried into various provisions of our Codes.

The acts of my predecessor authorizing the publications took place in 1898, when, as now, Sections 1194 and 1195 were in force.

I have examined several of the largest of these claims presented, and find them, with one exception, very excessive.

I know of no provisions of the law by which any of these claimants can be protected in any fair and honest demands which may be presented.

I therefore submit these claims to your honorable body for such fair and equitable adjustment as they may respectively require.

I respectfully suggest that if appropriations be made, they should be incorporated in separate bills.

HENRY T. GAGE,
Governor of the State of California.

Mr. Dibble moved that the Governor's message be printed in the Journal and lay over until to-morrow as unfinished business.

So ordered.

Such statement, however, shall not be debatable, and such statement or statements shall not in any case occupy more than two minutes."

"Concurrent resolutions for adjournment *sine die* shall in all cases, whether originating in the House or coming from the Senate, be referred to the Committee on Ways and Means. SEC. 147. The public library and reading-room created and existing under the provisions of said Act, and known as the "Santa Barbara Free Public Library," is hereby continued in existence, and shall be free of access to all residents of said city and the general public, subject to such rules and regulations for the government and management thereof as may from time to time be adopted by the Board of Trustees thereof.

SEC. 148. The Board of Trustees thereof shall consist of five members, to be elected at the regular municipal election, and shall hold office for two years, or until their successors are elected and qualified.

ARTICLE XIV.

CLAIMS AND DEMANDS.

SEC. 149. All claims and demands whatever against the City of Santa Barbara, except salaries, interest coupons on bonds, and bonds of the funded debt, shall be paid only on demands as herein provided for.

SEC. 150. Said demands, except demands payable out of the library fund, and fire department fund, shall be presented to the Council on forms or blanks to be provided by the City Clerk, and shall be referred to its committee on finance. The said committee shall, by its indorsement thereon, approve or reject the same in whole or in part. The Council shall then consider the said demands and the action of said committee thereon, and shall, if the same be just and legal, approve the same; but may, if it so determine, approve in part or reject the whole. The action of the Council shall be indorsed thereon, with the date of such action, and certified with the signatures of the Mayor and City Clerk.

SEC. 151. All demands approved by the Council shall be delivered to the City Clerk, who shall thereupon draw a warrant therefor upon the City Treasurer, which shall be signed by the Mayor and countersigned by the City Clerk.

SEC. 152. No demand can be approved, audited or paid unless it specify each several item, with the date and amount thereof, nor unless it be subscribed by the claimant or his, her, or its agent, and sworn to before some officer authorized to administer oaths.

SEC. 153. No payment can be made from the city treasury or out of the public funds of said city unless the same be specially authorized by law or this charter, nor unless the demand which is paid be duly audited as in this charter provided. The term "audited" as used in this charter with reference to the demands upon the treasury is understood to mean that said demands have been presented to, passed upon and approved as herein provided, and this must appear upon the face of the paper representing the demand or else it is not audited.

SEC. 154. The City Clerk must number and keep a record of all demands on the treasury which have been duly approved, showing the number, date, amount, the name of the original and present holder, on what account allowed and out of what fund payable.

SEC. 155. Every lawful demand upon the treasury, duly audited as in this charter required, shall in all cases be paid on presentation, and canceled, and the proper entry thereof be made, if there be sufficient money in the treasury belonging to the fund out of which it is payable; but if there be not sufficient money belonging to said fund to pay said demand, then it shall be registered in a book kept by the Treasurer for that purpose, showing its number, when presented, date, amount, name of original holder, on what account allowed, and out of what fund payable, and being so registered shall be returned to the party presenting it with an indorsement of the word "registered," dated and signed by the City Treasurer. All registered demands shall be paid in the order of their registration, and shall bear interest at the rate of five per cent per annum from date of such registration.

SEC. 156. All public moneys collected by any officer or employé of the city shall be paid into the said treasury without any deduction on account of any claim for fees, commissions, or any other cause or pretense, and the compensation of any officer,

employé, or other person so collecting money shall be paid by demands upon the treasury, duly audited as other demands are audited and paid.

SEC. 157. No suit shall be brought upon any claim for money or damages against the City of Santa Barbara, until the demand for the same has been presented as herein provided, and rejected in whole or in part. If rejected in part, suit may be brought to recover the whole. Nor shall suit be brought against said city upon any such claim or demand if the same shall be in whole approved and audited as provided herein; *provided*, that nothing herein contained shall be construed so as to deprive the holder of any demand of his right to resort to, or right to maintain any other proceeding against the said Council or any board or officer of said city to compel them or him to act upon said demand or claim, or to pay the same when so audited.

ARTICLE XV.

MISCELLANEOUS PROVISIONS.

SEC. 158. All grants of franchises or privileges by the Council shall be awarded to the highest bidder in pursuance of the general laws of this State, nor shall any such franchise or privilege have any validity unless the person or persons to whom the same is made shall, within six months thereafter, actually and in good faith, commence the exercise or enjoyment of the same; *provided*, that where condemnation of property is necessary, condemnation proceedings commenced and diligently prosecuted shall be deemed the exercise of the franchise or privilege. Whenever any franchise or privilege shall have been in disuse, in whole or in part, for the period of one year, there being no legal impediment to the use thereof, it shall be deemed abandoned and forfeited to the extent of such disuse, and said franchise or privilege, or the part thereof, so in disuse, shall no longer be used or enjoyed. When, in the exercise of any franchise or privilege, use has been made in any way of any street or alley of the city, such street or alley shall be put in good repair, and the materials or obstructions which have been placed therein in the exercise of such franchise or privilege shall be removed therefrom, at the expense of the person or company who has held such franchise or privilege, whenever the franchise or privilege is abandoned or falls into disuse.

SEC. 159. No person holding any office under the city government shall be eligible to election or appointment to any other office under said city government.

SEC. 160. No member of the Council, or of any board provided for by this charter, and no officer or employé of the city, shall be or become directly or indirectly interested in any contract, work, or business, the consideration, price, or profits of which are payable in whole or in part from the city treasury or school funds and are determined or in any way directly affected by any official act of said Council, board, officer, or employé, or in the sale of any article, the price of which, or the purchase of which by or for the city, or by or for the public schools thereof, depends directly or indirectly upon any official act of such Council, board, officer, or employé. No member of the Council or of any board provided for by this charter and no officer or employé of this city having any authority or power relating to or affecting the granting of any franchise, right, or privilege, shall be or become directly or indirectly interested in any such franchise, right, or privilege. No officer of the city shall be, or become a surety, on any bond given to the city, or to any person for the benefit of the city, nor shall any officer or employé of the city, give or promise to give, any person any portion of his compensation, or any money, or thing of value, or any position, in consideration of having been or being nominated, appointed, voted for, or elected to any office or employment under the city. No officer of the city shall, while in office, accept any donation or gratuity in money or in anything of value, either directly or indirectly, from any subordinate employé, or from any candidate or applicant for any position under him. Any person violating the provisions of this section shall forfeit his office and employment under the city, and be forever disqualified from holding any position in the service of the city.

SEC. 162. All books and records of every officer and department shall be open to the inspection of any citizen at any time during business hours. Copies and extracts from such books and records, duly certified, shall be given by the officer having the same in custody, to any person demanding the same, upon paying or tendering ten cents per folio of one hundred words.

SEC. 163. SEC. 164. No office shall be created in addition to those provided for by this charter, unless by ordinance regularly adopted by the Council. Whenever in the judgment of

the Council no necessity exists for the continuation of any appointive office created or provided for by this charter, said Council, by an ordinance for that purpose, may discontinue such office; *provided, however*, the Council shall not have power to abolish or discontinue the office of Chief of Police or the office of City Engineer.

SEC. 165. All officers, deputies, clerks, and assistants of the city, and of the several departments thereof, must be citizens of the United States, and during their respective terms of office or employment must reside in the city, and where not otherwise provided for must, with the exception of the City Superintendent of Schools and teachers of the public schools, have been residents of the city one year next preceding their election or appointment. They, and each of them, shall perform such duties as may be required of them, respectively, by law, ordinance, or this charter, and shall only receive such compensation as may have been previously provided, and such compensation shall not be increased during the term of their respective offices or employment, except as in this charter provided.

SEC. 166. If any officer of the city shall remove from the city, or absent himself therefrom for more than thirty days, consecutively, without the permission of the Council, or shall fail to qualify by taking the oath of office and filing his official bond, whenever such official bond is required, within time required by this charter, or shall resign, or be convicted of felony or of malfeasance in office, or be adjudged insane, his office shall be and become vacant, and such vacancy shall be filled as in this charter provided.

SEC. 167. All books, papers, plats, charts, records, files, and stationery, made or made use of, by any officer or employe of the city, in the performance of his official duties, shall be deemed and considered as belonging to the city, and shall be delivered to his successor in office, who shall give duplicate receipts in writing therefor, one of which receipts shall be filed with the City Clerk.

SEC. 173. No ordinance shall be suspended in its operation with respect to any person or persons, or corporation, nor shall any license or privilege be granted inconsistent with any ordinance; but all ordinances and resolutions purporting to grant such license or privilege, or to suspend the operation of any ordinance with respect to any person, or persons, or corporation, shall be void and shall not be available in defense of any action or proceeding to enforce obedience to such ordinance or punish the violation thereof.

SEC. 174. The word "charter" wherever used herein shall be so construed as to include any amendment to this instrument which may be adopted hereafter.

ARTICLE XVI.

COMMUNICATION AND CERTIFICATE.

OAKLAND, CALIFORNIA, February 16, 1899.

To the Honorable the Assembly of the State of California:

This is to certify that I am now, and have since Monday last (February 13), been in attendance upon Milton J. Green; that his physical condition is such as to render it unwise for him to appear at the bar of the Assembly on Friday, February 17, 1899, and he is unable to so appear. In my judgment, if he continues to improve he ought to be able to go to Sacramento in about one week.

MESSAGE FROM THE GOVERNOR.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, February 18, 1899 }

To the Assembly of the State of California:

I have the honor to call the attention of your honorable body to the State's finances

The condition of the treasury is such that, if everything be paid which the General Fund is chargeable with (even if not a single dollar be appropriated by your honorable body at this session of the Legislature), still, at the end of this year there will be the enormous deficiency in the General Fund of about \$900,000.

I most respectfully direct your attention to this condition of the finances, in order to correct the delusive statements which have been put abroad in reference to the plethoric condition of our treasury, and most respectfully urge upon you the great necessity for economy, and that you make only such appropriations as are of the most urgent character; and such appropriations should be made payable only, so far as possible, on and after the first day of January, 1900, at which time there will be an additional installment of State taxes.

If there be transferred at the proper time to the General Fund, from other funds, \$400,000, then, in view of the fact that some of the existing demands may not be presented, I think it safe to proceed on the basis that, with this transfer of \$400,000, we will have sufficient money with which to meet and manage our financial liabilities until the incoming taxes of January next.

I therefore respectfully request your honorable body to pass an Act directly authorizing the Governor for and during this year, when in his opinion the necessity arises, to order the Controller to direct the transfer of \$400,000 from other funds to the General Fund; and that this amount so transferred shall be returned to the fund or funds from which it be transferred as soon as there is sufficient money in the General Fund.

While I am decidedly opposed, as a general proposition, to this transfer of funds, I am confronted by a condition for which this administration is in no way responsible, and I trust that our finances may be so managed under this administration as to avoid a repetition of such a necessity.

HENRY T. GAGE,
Governor of the State of California.

Mr. Dibble moved that the message be printed in the Journal, and be referred to Committee on Ways and Means.

So ordered.

In making said appointment it shall be the duty of the Governor to disregard political affiliations, and be guided in his selection merely by the professional and moral qualifications of said veterinary for the performance of his duties.

"SEC 2. It shall be the duty of the State Veterinarian, provided for in the first section of this Act, to protect the health of all domestic animals of the State from all contagious and infectious diseases, so far as practicable; and for the purpose he is hereby authorized and empowered, by and with the approval of the Governor, to establish, maintain and enforce such quarantine, sanitary, and other regulations as he may deem necessary as to stock passing over any quarantine line existing, or which may be established within the State, and all such stock so moving shall be inspected by him, and he shall issue his certificate of State inspection, unless such stock shall have been, immediately prior to such moving, inspected by such officer or agent acting under the laws of the United States. "SEC. 4. Upon the discovery of any of such contagious or infectious diseases, the State Veterinarian shall immediately inform the State Dairy Bureau, and the Board of Supervisors of the county or counties in which said disease exists, or diseased animals are located, of the existence of such disease and of such facts and circumstances in connection therewith as will enable said Board of Supervisors to take prompt and proper action to prevent the spread of such disease and to eradicate the same.

"SEC. 5. Upon the receipt of such report, it shall be the duty of said Dairy Bureau when more than one county is involved, and of the Board of Supervisors when only one county is involved, to proceed immediately to eradicate or suppress said disease, to prevent its spread or introduction among healthy animals, or the infection of pastures, roads, places, or sections theretofore free from said disease and uninfected.

"SEC. 6. Should said Board of Supervisors refuse or neglect for the period of five days to take any proper action to quarantine such cases of contagious or infectious diseases so reported to them, or to suppress or eradicate the same, or prevent the spread thereof, the State Veterinarian shall have the power, and it shall be his duty, to quarantine such county, or such portions thereof as may be necessary, and thereafter it shall be unlawful for the owners of the domestic animals quarantined, their agents or employes, to move any of such animals across the quarantine line established or without the county or portion thereof quarantined, without first obtaining a permit from the said State Veterinarian, who shall, before such permit is issued, inspect and, if necessary, cause such animals and vehicles of transportation to be disinfected according to the rules laid down by the United States Bureau of Animal Industry, Department of Agriculture, or until such quarantine has been raised or discontinued by said State Veterinarian.

"SEC. 7. The State Veterinarian shall determine, from time to time, the quarantine and other regulations necessary to prevent the spread among domestic animals of any malignant, contagious, or infectious disease found to exist among livestock of this State, and shall to that end cooperate with, and, so far as possible, obtain the assent of the proper United States authorities to the establishment or changing of quarantine lines which are or may be hereafter established, and when he shall have done so he shall notify the Governor thereof, who, if he approve, shall issue his proclamation proclaiming the boundary of such quarantine, and the orders, rules, and regulations prescribed for the maintenance and enforcement of such quarantine, and shall publish the same in such manner as he shall deem expedient.

"SEC. 8. Any person failing to comply with the provisions of this Act shall be deemed guilty of a misdemeanor, and upon conviction be fined not less than \$100 nor more than \$500 for each offense, and shall be liable for any damage and loss that may be sustained by any person or persons by reason of the failure of such owner or agent to comply with the provisions of this Act.

"SEC. 9. For the purpose of carrying out the provisions of this Act there shall be appropriated the sum of \$8,000, not more than \$1,000 payable out of the revenues for the current fiscal year, out of the General Fund of this State.

"SEC. 10. This Act shall take effect and be in force from and after its passage."

MESSAGES FROM THE GOVERNOR.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, {
SACRAMENTO, February 18, 1899. }

To the Assembly of the State of California.

I have the honor to inform your honorable body that I have approved Assembly Bill No. 302.

HENRY T. GAGE,
Governor of the State of California.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, {
SACRAMENTO, February 17, 1899. }

To the Assembly of the State of California

I herewith return to your honorable body, without my approval, Assembly Bill No. 2, with my objections thereto.

This bill provides for the immediate appropriation of the sum of \$15,000, to be paid to the State Board of Prison Directors, to be expended by them, at the Folsom State Prison, in the construction of such a system as will dispose of the sewage of the Folsom State Prison without polluting the waters of the American River. While I am strongly of the opinion that the purpose for which this very large sum is asked is a laudable one, I disapprove of the present bill for the following reasons:

First—The letting of the contract, the entire work of the construction, and the determination of the amount of the items of expenditures, are left to the Board of State

Prison Directors, without any check whatsoever, the Board of Examiners being merely the agent of the directors for the approval of the bills.

Second—There is no limit to the amount for which the directors may contract in the construction of such work, and demands may hereafter, in consequence thereof, be made upon the Legislature for deficiency appropriations.

Third—The money is appropriated immediately out of the moneys of the General Fund for the present fiscal year. There is not sufficient money in the General Fund to justify this appropriation immediately.

HENRY T. GAGE,
Governor of the State of California.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, February 17, 1899. }

To the Assembly of the State of California

I herewith return to your honorable body, without my approval, Assembly Bill No. 243, with my objections thereto.

This bill gives power to the Common Council or other governing body of municipal corporations of the first class to erect and furnish, at the expense of such corporations, a municipal hospital, and to levy and collect an ad valorem property tax on all property, real and personal, within the limits of such municipal corporations, the limit of such expenditures being \$300,000, and providing for the levying of the tax for such purpose in the fifty-first fiscal year, and not otherwise.

It is apparent from the tenor of the bill that the object in fixing the limit of expenditure at \$300,000 was to avoid the effect of Section 1 of Article XVI of the State Constitution, which reads as follows:

“The Legislature shall not, in any manner, create any debt or debts, liability or liabilities, which shall, singly or in the aggregate with any previous debts or liabilities, exceed the sum of \$300,000, except in case of war to repel invasion or to suppress insurrection, unless the same shall be authorized by law for some single object or work to be distinctly specified therein, which law shall provide ways and means exclusive of loans, for the payment of the interest of such debt or liability as it falls due, and also to pay and discharge the principal of such debt or liability within twenty years of the time of the contracting thereof, and shall be irrevocable until the principal and interest thereon shall be paid and discharged; but no such law shall take effect until, at a general election, it shall have been submitted to the people and shall have received a majority of all the votes cast for and against it at such election; and all moneys raised by authority of such law shall be applied only to the specific object therein stated, or to the payment of the debt thereby created, and such law shall be published in at least one newspaper in each county, or city and county, if one be published therein, throughout the State, for three months next preceding the election at which it is submitted to the people. The Legislature may at any time after the approval of such law by the people, if no debt shall have been contracted in pursuance thereof, repeal the same.”

As the City and County of San Francisco is in the first class, it was, undoubtedly, the design in requiring this tax levy to be made in the fifty-first fiscal year, to evade the provisions of the new charter.

It was likewise the object of this bill, in view of the proposed large expenditure, to escape the effect of Section 18 of Article XI of the Constitution, which reads as follows:

“No county, city, town, township, Board of Education, or school district shall incur any indebtedness or liability, in any manner, or for any purpose, exceeding in any year the income and revenue provided for it for such year without the assent of two thirds of the qualified electors thereof, voting at an election to be held for that purpose, nor unless, before or at the time of incurring such indebtedness, provision shall be made for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also provision to constitute a sinking fund for the payment of the principal thereof on or before maturity, which shall not exceed forty years from the time of contracting the same. Any indebtedness or liability incurred contrary to this provision shall be void.”

If these were not the objects, and if the bill was not designed to apply to San Francisco only, then the bill is wholly idle, because by subdivision 34 of Section 64 of Article III of “An Act to provide for the organization, incorporation, and government of municipal corporations,” approved March 13, 1883, municipal corporations of the first class already have the power to establish a municipal hospital. Said subdivision reads as follows:

“To establish and maintain an almshouse, a city and county hospital, a smallpox hospital, and such other institutions of the same character as are or may be necessary, and to perpetuate such institutions as may have been heretofore established in such cities, or cities and counties, heretofore incorporated.”

Again, the power of taxation is vested in municipal corporations as an essential attribute for all the purposes of existence, unless its exercise be in express terms prohibited. (Security Savings Bank & Trust Company vs. Hinton, 97 Cal. 219.)

The City and County of San Francisco did not, by organizing thereunder, accept the advantages offered by the above Act of March 13, 1883, relating to municipal corporations of the first class, to which classification Assembly Bill No. 243 pretends to apply in general terms.

Moreover, by the provisions of an Act entitled “An Act authorizing the incurring of

indebtedness by cities, towns, or municipal corporations, incorporated under the laws of this State, for the construction of water works, sewers, and all necessary public improvements, or for any purpose whatever, and to repeal the Act approved March 9, 1885, entitled 'An Act to authorize municipal corporations of the fifth class, containing more than 3,000 and less than 10,000 inhabitants, to obtain water works,' also to repeal an Act approved March 15, 1887, entitled 'An Act authorizing the incurring of indebtedness by cities, towns, and municipal corporations, incorporated under the laws of this State,' approved March 19, 1889, the right is given to all municipalities (including San Francisco) to construct and complete any municipal building after a vote of two thirds of the members of the municipal council, the approval of the city's executive, and a two-thirds vote of the people of the city, in cases where the cost of such construction and completion is too great to be paid out of the ordinary annual income and revenue of the city.

But this bill itself is not, in my opinion, a general law, inasmuch as it provides specifically the limit of the amount to be raised by the city by taxation, and that such amount shall be raised in the fifty-first fiscal year, and is therefore unconstitutional—being in contravention of Section 12 of Article XI, and of the tenth subdivision of Section 25 of Article IV of the Constitution of the State. Section 12 of Article XI reads as follows:

"The Legislature shall have no power to impose taxes upon counties, cities, towns, or other public or municipal corporations, or upon the inhabitants or property thereof, for county, city, town or other municipal purposes, but may by general laws vest in the corporate authorities thereof the power to assess and collect taxes for such purposes."

The tenth subdivision of Section 25 of Article IV of the Constitution of the State reads as follows:

"The Legislature shall not pass local or special laws in any of the following enumerated cases, that is to say:

"Tenth—For the assessment or collection of taxes."

But, independently of the illegality of the Act, I believe its policy to be wrong, for it seems to me manifestly unfair for the Legislature to vest in the municipal council or governing body the power to tax the people of a municipality for such large expenditures, without giving the people of the city the right to vote upon the tax, or to appear before the council for the purpose of remonstrance.

If the erection of a municipal hospital be desired by the city at so great a cost, it can now easily be accomplished, without this legislation, by getting the consent of its citizens expressed at the polls

REPORTS OF STANDING COMMITTEES.

ON STATE HOSPITALS AND ASYLUMS.

ASSEMBLY CHAMBER, SACRAMENTO, February 20, 1899.

MR. SPEAKER: Your Committee on State Hospitals and Asylums beg leave to report as follows:

Pursuant to the instructions of your honorable body, your committee visited the California Home for the Feeble-Minded, situated at Eldridge, in Sonoma County, on Saturday, February 19 1899, arriving there about 10.30 A. M. Immediately upon their arrival they began an inspection of the buildings and inmates, and devoted the entire afternoon to the same work. Every part of the buildings was visited and carefully examined. Cleanliness was a marked characteristic of everything, and the comfort and happiness of the inmates seemed to be the special care of the Superintendent and his wife. The committee were particularly struck with the home-like aspect of the dormitories and sleeping apartments, with the pictures that adorn the walls, the curtains, and the thousand and one little embellishments that tend to make the surroundings pleasant

and congenial to the children, who all expressed themselves enthusiastically in regard to both Doctor and Mrs. Osborne. The food was found to be ample in quantity and of good quality. The clothing of the children seemed to be comfortable and warm, and their general condition left nothing to be desired.

In the evening the committee were present at an entertainment, which would have done credit to any of our grammar schools, conducted entirely by the inmates of the institution. They subsequently visited the dormitories as the children were going to bed, and so had an opportunity to see them at all times and under all conditions. They visited the land which it is proposed to buy, and thoroughly inspected it; also, the watercourse and the plans for collecting an adequate water supply. In this connection the committee favors the purchase of the land asked for, as it contains a large quantity of valuable wood, some land that can be used for grazing purposes, land suitable for the establishment of a brickyard—which would be a saving of expense to the institution. Its purchase would also give the institution an ample water supply. The plan of Dr. Osborne to use his present garden as a lake or reservoir, however, your committee deems inadvisable, for the reason that it is the best land on the property for the cultivation of vegetables. They think it would be preferable to erect more tanks or reservoirs, similar to those now in use, and which would in no wise take away any valuable land. The cottages asked for should be granted, especially those for the lower grade of children, who are now confined at the top of the building. As most of these children are utterly helpless, in case of fire they would have to be carried out one by one, and it would seem to be the plain dictate of humanity to place them where they would be in no danger from fire, and where they would be enabled to enjoy the sunlight and out-of-door exercise. We also recommend the appropriation asked for for the completion of the main building. There are now in the institution nearly six hundred children, and applications are on file for over two hundred more. Those among our members who visited this institution two and four years ago were particularly impressed with the progress that has been made in that time. Your committee desires to say that it recognizes in the California Home for the Feeble-Minded one of the best institutions of this class in this or any other country, and an institution most creditable to the State and its management.

On Sunday, your committee proceeded to visit the Hospital for the Insane at Mendocino, near Ukiah. The unfortunate differences that exist between the Superintendent of this institution and the Board of Managers showed themselves on all sides. While the institution has a general cleanly appearance, there is an utter lack of cheerfulness about the wards, and no effort seems to be made on the part of the Medical Superintendent to give a home-like aspect to the corridors and wards. There are no curtains at any of the windows, no pictures on the walls, no plants, or flowers, or birds, and not even a rocking chair, or, indeed, a chair of any kind for the inmates to sit upon. There are a few benches, but these are not adequate either in number or size for seating all the patients. The beds we did not always find as cleanly as could be desired, and there was an utter lack, with a few exceptions, on the part of employes, of any particular interest in the institution or its inmates.

Among the attendants, male and female, none were uniformed; and in this connection we desire to call the attention of the State Commission in Lunacy to the importance of taking immediate steps to have attendants and employes of the several State hospitals uniformed at the very earliest date. For many reasons, which need not be enumerated in this report, we think the wearing of uniforms by the attendants and employes is of the greatest importance, and we urge the Commission to lose no time in carrying out this reform.

Members of the Board of Managers seem anxious to do all they possibly can for the institution; but their efforts are evidently not seconded by the Superintendent, and the result is most deplorable.

The plans for the new building were thoroughly examined and explained, and the Board of Managers seems to have acted with due prudence and discretion in the matter. They also deserve credit for having used their contingent fund so judiciously in giving to the hospital an adequate water supply. The attic on top of the main building is a matter that should receive immediate attention, as a fire is liable to break out there at any moment, with the possibility of terrible results. We therefore recommend an appropriation to furnish fire protection for this portion of the building.

All of which is very respectfully submitted

The foregoing report was unanimously adopted by the Committee on State Hospitals and Asylums, February 20, 1899

WADE, Chairman.

ON JUDICIARY.

ASSEMBLY CHAMBER, SACRAMENTO, February 22, 1899

MR. SPEAKER: Your Committee on Judiciary, having had under consideration the petition of Robert S. Kirk, S. T. Campbell, D. S. Mahon, John S. Worth and others, in reference to the condition of the farmers in the northern part of San Luis Obispo and the southern part of Monterey County—report the same back without any recommendation.

We have given the matter due examination, and, while we are convinced that the statements set forth in the petition are correct; that the sufferings of the people there have not been exaggerated, and that their needs are such as deserve, at our hands, assistance, and, at the hands of the State, aid—yet, under the provisions of the Constitution, which prevent special legislation, the Legislature is unable to afford them any legal relief at the present time. All we can say is that we feel assured that if their property is bought in by the State because of non-payment of taxes, succeeding Legislatures will look upon their case with leniency, and will remit all the interest, penalties, and costs, and permit them to redeem their land by simply paying the face of the taxes.

COMMUNICATION.

The Speaker announced the receipt of the following communication:

SACRAMENTO, February 22, 1899.

To the Assembly of the State of California:

I have the honor to acknowledge the receipt of a resolution adopted by your honorable body on the 16th instant, reading as follows:

Resolved. That the Attorney-General be and he is hereby requested to report to the Assembly the present status of all litigation pending between the Railroad Commissioners of this State and the Southern Pacific Railroad Company and other railroads; also, the amount of funds necessary to carry on said litigation to a final determination.

Pursuant to the terms of the foregoing resolution I have made the needed examinations, and beg to report thereon as follows:

I am unable to find any litigation pending between the Railroad Commissioners of this State and the Southern Pacific Railroad Company.

Following is an account of all litigation, so far as I have been able to ascertain the same, now pending between the Board of Railroad Commissioners and any other railroads, together with a statement of the amount of funds necessary to carry on said litigation to a final determination.

I.

Southern Pacific Company et al
vs
Board of Railroad Commissioners, etc. } No. 64311.

Action brought in the Superior Court in and for the City and County of San Francisco to obtain a writ of prohibition in the matter of the complaint of John R. Robinson before the Board of Railroad Commissioners

On August 1, 1898, the Court filed its opinion and order granting the writ of prohibition. No appeal has been taken from the order granting the writ.

I am advised that this office was but nominally connected with the above cause, Hon George W. Monteith having conducted the proceedings therein on behalf of the complainant, John R. Robinson.

II.

Board of Railroad Commissioners, etc.,
vs
Market Street Railway Company
And J. L. Willcutt, Secretary, etc. } No. 59728

Action brought in the Superior Court in and for the City and County of San Francisco, to compel defendants to produce all papers, books, records, etc., for investigation by the Board of Railroad Commissioners, in the establishment of rates of fare.

On October 13, 1898, the Court, through Seawell, Judge, filed its written opinion and ordered that judgment be entered denying the writ of mandate prayed for, and directing a dismissal of the action. No appeal was taken. The cost of an appeal would, probably, not exceed \$100.

III.

Southern Pacific Company
vs
Board of Railroad Commissioners. } United States Circuit Court

To better understand the nature and purpose of this suit, it may be well to briefly suggest the causes which gave it birth.

On September 12, 1895, the Board of Railroad Commissioners adopted a resolution, upon which a schedule of rates was based, and by which an eight per cent reduction in grain rates was sought to be established.

On the following day, September 13, 1893, the board adopted another resolution looking to a general reduction of freight rates, other than upon grain, to the extent of twenty-five per cent of such rates as they existed on December 1, 1891. No schedule was ever adopted under this resolution.

On October 14, 1895, the Southern Pacific Company, against whom the above resolutions were directed, filed a bill in equity in the United States Circuit Court for the Northern District of California, by which it was sought to restrain the Board of Railroad Commissioners from proceeding under the foregoing resolutions.

A temporary restraining order having been issued by the Court, an injunction pending the trial of the cause was sought by the Southern Pacific Company, the hearing upon which, from various causes, was delayed until January 6, 1896.

The hearing of this motion, including two continuances, occupied some four months, the argument alone occupying twenty-nine days. The motion was then taken under advisement by the Court.

On November 30, 1896, the Court made its order continuing the injunction as to the proposed eight per cent reduction in grain rates, but refusing to further enjoin proceedings under the so-called twenty-five per cent resolution, the board having disclaimed any intention of proceeding under the latter resolution without further investigation.

On January 25, 1897, the Board of Railroad Commissioners filed their answer to the bill of complaint, and on February 17, 1897, the Southern Pacific Company filed its replication thereto.

Exceptions to the answer were filed and referred to the Master in Chancery, upon whose report, and after argument by counsel, the Court entered an order allowing such exceptions in part and denying them in part.

This last named order was made on April 25, 1898, whereupon the cause became at issue, and the taking of testimony was thereupon begun.

The complainant (the Southern Pacific Company) has taken the testimony of its Chief Engineer, Mr. Hood, and of Messrs Curtis and Bogue, presented as experts, and a few other minor witnesses. The testimony thus far taken by complainant relates to the question as to what it would cost to reproduce the properties of the Southern Pacific Company. The taking of testimony on the part of complainant has not yet been completed.

The respondent (the Board of Railroad Commissioners) has taken the testimony of C. P. Huntington. Preparations are now being perfected for the further taking of testimony on behalf of respondent.

The testimony thus far taken amounts to 2,920 pages of typewritten matter, the taking of which occupied the greater part of the time from May 5 to November 2, 1898.

RECAPITULATION

Costs and expenses already paid or incurred	\$43,128 10
Probable future costs and expenses	67,000 00
Total.....	\$110,128 10

Referring to the probable future costs and expenses necessary to secure a final determination of the case last above referred to, I desire to state that it is impossible to estimate with any degree of accuracy the amount of such costs and expenses, but it is safe to assume that they will not fall below the amounts above indicated.

In the matter of fees of expert, the amount has been placed at \$30,000. This is believed to be a conservative estimate of the amount necessary to secure the indispensable aid of those who are skilled in the many and complicated matters necessary to be examined in the prosecution of the defense. In a communication addressed to the Board of Railroad Commissioners, under date of January 20th last, I estimated the expense of experts at \$25,000, and recommended to the board that they ask for that amount at the hands of the Legislature. Since then, however, and upon consultation with special

counsel in the case, I am convinced that the appropriation for expert fees should not be less than the amount first above indicated.

In my opinion the employment of experts is indispensable to the presentation of a proper defense, in which opinion I am joined by associate counsel.

Referring to the matter of attorneys' fees, I will state that the continued employment by the Board of Railroad Commissioners of special counsel as heretofore, that is to say, three in number, cannot well be done for less than \$30,000, in addition to the \$31,050 already paid or incurred. It is not necessary, however, that the entire \$30,000 should be appropriated at the present session of the Legislature, though I would suggest that a payment of \$2,500 on account to each of such special counsel as may be continued in the case would be a proper and appropriate course to pursue.

The other items of probable future costs above enumerated are clearly indispensable, and are certainly conservative.

The amount of the last named items, as also the amount of attorneys' fees, will depend in no small degree upon the length of time occupied in reaching a final determination of the case. So far some three and one half years have been consumed since the commencement of the suit. Upon the conclusion of the taking of the testimony the case will come up for trial in the United States Circuit Court, from which an appeal lies to the United States Circuit Court of Appeals, whence an appeal may be taken to the Supreme Court of the United States. You will thus perceive the difficulties attendant upon an attempt to comply with the request of your honorable body to report the "amount of funds necessary to carry on said litigation to a final determination."

Respectfully,

TIREY L. FORD, Attorney-General.

Pending reading, Mr. McDonald of Alameda moved that further reading of communication be dispensed with, and that it be printed in the Journal.

MESSAGES FROM THE GOVERNOR.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, February 21, 1899. }

To the Assembly of the State of California

I herewith return to your honorable body, without my approval, Assembly Bill No. 229—An Act to select and adopt the golden poppy as the State flower of California, with my objections thereto

I disapprove of this State selection from the flora of California, because I do not think it a proper subject for legislation.

HENRY T. GAGE,
Governor of the State of California

Mr. Bliss moved that the message be printed in the Journal and laid over one week, to be placed on the unfinished business file.

So ordered.

To the Assembly of the State of California

I herewith return to your honorable body, without my approval, together with my objections, Assembly Bill No. 145—An Act to amend Section 3460 of the Political Code of the State of California, relating to assessments in reclamation districts, and to provide for a hearing of the landowners before the Commissioners of Assessment in relation to such assessments.

I disapprove of this bill because, by the provisions of Section 1 thereof, the final adjusting, equalizing, fixing, and determining of the assessment is left to the sole arbitration of the Commissioners of Assessment, and their determination is made final and conclusive upon all persons, and cannot be afterward subject to contradiction, dispute, or attack.

Such a denial of the right of appeal is not, in my opinion, consistent with just principles.

HENRY T. GAGE,
Governor of the State of California

The question being, "Shall Assembly Bill No. 145 become a law notwithstanding the objections of the Governor?"

The roll was called, and the Governor's veto sustained by the following vote:

AYES—None.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, February 21, 1899. }

To the Assembly of the State of California

I herewith return to your honorable body, without my approval, with my objections thereto, Substitute for Assembly Bill No. 30—An Act to amend Sections 2579, 2588, 2589, 2590, 2591, and 2605 of the Political Code, approved March 12, 1872, relating to the powers and duties of said Board of State Harbor Commissioners for the Bay of San Diego

This bill not only reenacts all of the objectionable provisions of the present law relative to the powers of the State Harbor Commissioners for the Bay of San Diego, but by ingeniously worded amendments extends those powers to such a degree as to menace the rights of the people, as well as the commerce of the State.

By the amendment to Section 2588 of the Political Code, proposed by this bill, the said Board of Harbor Commissioners are empowered "to make a plan of the harbor for the construction of piers and wharves, and any improvements that said board may deem advisable."

It is further provided by the amendment to said Section 2588 of the Political Code, with reference to the adoption of surveys and plans for the line of harbor embankment and seawall, that the "said survey and plan as adopted shall be followed in the construction of said seawall, piers and wharves, as the same may be made."

The construction of a seawall for the Harbor of San Diego, which had heretofore been authorized by the law as originally enacted, had wisely been deferred, and practi-

cally proved a dead letter, for the reason that the shipping interests of San Diego did not justify such construction. To now authorize (as is proposed by this bill) the preparation of elaborate plans and the erection of a seawall and expensive piers, slips, and wharves, would be either to demand large appropriations from the State in aid of such plans, which the State is unable to bestow, or, on the other hand, to tax the shipowners to the extent of practically destroying the shipping interests of that splendid port. Among other things, the construction of a seawall, with the burdens incident thereto, would in effect work a confiscation of many valuable properties on the waterfront not justified by the conditions and commerce of the port.

The Bay of San Diego, with its wonderful natural advantages, already affords such protection to all vessels entering that port that there is no necessity for any such immediate harbor improvement at the enormous expense contemplated by the present bill.

But there is another feature of this bill which renders it much more objectionable. The bill clothes the Harbor Commissioners with the power "to set apart for the uses and purposes of drydocks and marine railways such portions of the waterfront as the wants of commerce may require, and lease the same for a period not to exceed fifty years."

The law as it now stands gives power to lease for such purposes for a term not to exceed ten years, a power altogether excessive and which should not have been passed in the first instance, and which should be now repealed.

The present bill, by amending Sections 2579 and 2605 of the Political Code, extends the term of leasing to fifty years, thus vesting in the Harbor Commissioners authority to cede away the people's rights to railway and other corporate control.

Under the provisions of our law no farmer or other private person can be either the lessor or lessee of land for agricultural purposes for a longer period than ten years, neither can the business man, nor other private person, lease town or city lots for a longer period than twenty years.

When such restraints are imposed upon the alienation of private land, why should the special privilege proposed by this bill be conferred upon corporations of leasing for half a century the public land?

Again, by the provisions of Section 2605 of the Political Code, as amended by this bill, the limitation upon the quantity of land to be leased is removed so far as respects railroad corporations.

As amended by this bill, that portion of the section reads as follows: "No portion of said lands shall be leased in one lease in quantity to exceed one acre, except when leased for railroad purposes."

This direct attempt to monopolize the beautiful Harbor of San Diego is expressed in the above unmistakable language, and I am amazed at its very audacity.

That such an obnoxious amendment should have escaped the careful attention of your honorable body emphasizes the necessity of a close attention to the bills by the whole Assembly, and further illustrates the mistaken policy of introducing a multitude of bills upon subjects outside the scope of legitimate legislation, thereby imposing burdens upon overworked committees, and giving full employment to the known leisure hours of the Executive. And while this most unjust measure took its regular course through both the Senate and Assembly, it seems strange that few, if any, warning words were uttered.

Happily, the result of my personal investigation has been confirmed by remonstrances against this bill, received from numerous business men and other public-spirited citizens, who have appealed to the Executive for relief, and have clearly pointed out the dangers which would follow from the approval of the bill. The experience of the people of the State in their struggle for the control of their harbors and land fronting on the ocean, bays, and inlets, against corporate aggression should be a sufficient warning to legislators of the disastrous effects of laws of the character of the present bill.

For the foregoing reasons, among others, I am unalterably opposed to the present measure.

HENRY T. GAGE,
Governor of the State of California

Mr. Belshaw moved that the further consideration of the Governor's veto of Assembly Bill No. 30 be laid over for one week, and placed on the unfinished business file.

GOVERNOR'S MESSAGES.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, {
SACRAMENTO, February 23, 1899. }

To the Assembly of the State of California:

I have the honor to inform your honorable body that I have approved Assembly Bills Nos. 98 and 166.

HENRY T. GAGE,
Governor of the State of California.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, {
SACRAMENTO, February 21, 1899 }

To the Assembly of the State of California.

I herewith return to your honorable body, without my approval, together with my objections, Assembly Bill No. 84—An Act to provide for a lunch hour for laborers in sawmills, shingle-mills, shakemills, and logging camps.

While I am strongly in favor of appropriate legislation for the protection of all laboring men, I am compelled to disapprove of the present bill on account of its patent unconstitutionality.

By Section 1 of the bill the operators of sawmills, shakemills, and logging camps are required to designate a period of time during each working day for the midday meal of each and every employe of not less than one hour.

Section 2 of the bill makes a violation of its provisions a misdemeanor, and provides a penalty therefor.

This bill clearly violates Section 11 of Article I of the Constitution, which is as follows: "All laws of a general nature shall have a uniform operation." It also violates the thirty-third subdivision of Section 25 of Article IV of the Constitution, which prohibits the Legislature from passing local or special laws where a general law

can be made applicable. This bill is special, because it attempts to provide for a lunch hour for employes laboring in sawmills, shakemills, and logging camps, and excludes all other laborers in the State. It also imposes the duty upon a special class of employers, namely, those operating sawmills, shingle-mills, shakemills, and logging camps, of designating a period of time for a midday meal, and provides a penalty for a violation of the Act. This duty so imposed, with the penalty attached, is limited to this special class, leaving all other employers in the State to act in this particular as they see fit.

The bill is not uniform, therefore, in its operation upon all employers and all laborers; but, on the contrary, its provisions arbitrarily select from the general class of employers a few upon whom the duty is imposed, and a like few employes upon whom the privilege of a midday meal is conferred.

The Supreme Court of this State, in the case of *City of Pasadena vs. Stimson* (91 Cal., p. 251), distinguished special from general laws in the following language: "The conclusion is that although a law is general and constitutional when it applies equally to all persons embraced in a class founded upon some natural or intrinsic, or constitutional distinction, it is not general or constitutional if it confers particular privileges, or imposes peculiar disabilities, or burdensome conditions in the exercise of a common right upon a class of persons arbitrarily selected from the general body of those who stand in precisely the same relation to the subject of the law."

As the present bill confers peculiar privileges, and imposes peculiar disabilities, upon a class of persons arbitrarily selected from the general body within the rule stated by the court, it is therefore unconstitutional and void, and my approval of such a bill would serve no useful purpose, and I regret the necessity of such disapproval.

HENRY T. GAGE,
Governor of the State of California

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, {
SACRAMENTO, February 23, 1899 }

To the Assembly of the State of California.

I herewith return to your honorable body, without my approval, Assembly Bill No. 157—An Act to prevent the shipment of infected fruits out of the State of California—with my objections thereto.

While I warmly approve of the purpose of the bill, yet it is so unhappily worded as to ignore the intent of those packing, preparing, and delivering fruits for shipment, and therefore includes within its penal provisions the most innocent acts; hence, would work considerable hardship upon innocent and ignorant employes.

HENRY T. GAGE,
Governor of the State of California.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, {
SACRAMENTO, February 23, 1899. }

To the Assembly of the State of California

I herewith return to your honorable body, without my approval, and with my objections thereto, Assembly Bill No. 23—An Act to add a new section to the Penal Code, to be designated as Section 354½, making it a misdemeanor to deface, obliterate, cover up, or otherwise remove, destroy, or conceal the duly filed trademark or name of another, printed, stamped, engraved, etched, blown, impressed, or otherwise attached to or produced upon any cask, keg, bottle, vessel, siphon, can, or other package.

I disapprove of this bill amending the Penal Code because it ignores the intent with which the act is done of using or filling casks, kegs, bottles, siphons, cans, cases, or other packages, and would make even innocent acts crimes. (To constitute a crime there must exist a union or joint operation of *act* and *intent*, etc.—Penal Code, Sec. 20.)

I am opposed to the misuse of trademarks and to imitations of labels, and I am strongly in sympathy with the general purpose of the bill proposing to give relief against frauds upon trademarks, labels, etc., but this Act is so broad that it would subject to punishment the most innocent persons. Every person who for any purpose should use or even fill such vessel with homemade catsup, olives, or the like (even though the vessel may have been bought and sold in general trade, and innocently purchased from another), yet unless such vessel should have been purchased from the owner, or unless the consent of the owner should have been given thereto, such innocent purchaser by the mere use of such a vessel is liable to imprisonment for six months or a heavy fine of \$500, or both such imprisonment and fine.

Moreover, so far as the purpose of the bill is to protect trademarks, this bill is unnecessary, for the reason that Section 354 of the Penal Code affords ample protection.

Again, there is already a law in force covering this whole subject, namely, the Act approved March 21, 1891 (Statutes 1891, page 217), entitled "An Act to protect the owners of bottles, boxes, siphons, and kegs used in the sale of soda waters, mineral, or aerated waters, porter, ale, cider, ginger ale, milk, cream, small beer, weiss beer, beer, or other beverages."

Whether the Act of March 31, 1891, be valid or invalid, it should at least be tested or repealed before seeking further legislation in this direction.

If a bill be framed to properly reach the wrongs intended to be remedied by this bill, it will not meet with my disapproval.

HENRY T. GAGE,
Governor of the State of California.

Mr. Dibble moved that the messages be printed in the Journal, and to come up under head of unfinished business to-morrow.

REPORT OF STANDING COMMITTEE—(OUT OF ORDER).

ON PUBLIC BUILDINGS AND GROUNDS.

ASSEMBLY CHAMBER, SACRAMENTO, February 24, 1899.

MR SPEAKER: The sub-committee of the Committee on Public Buildings and Grounds, consisting of Messrs. Boone, Knights, Hanley, and Milce, beg leave to report as follows:

That they visited the State Normal School at San Diego. The building for said school is situated on a beautiful site, consisting of seventeen acres of level land, which was donated to the State.

Said site is considerably above the city and the surrounding country, and a splendid view of the city and bay can be had from any portion of the same.

The building now in course of construction is 104x108 feet, and will cost \$30,000. When completed it will be very substantial, as well as ornamental. To make the set of buildings complete will require two wings, costing, say, \$35,000 each; but for present necessary purposes we believe one wing will be sufficient, and therefore recommend an appropriation of \$45,000 for building and furnishing same.

We also visited the State Normal School at Los Angeles, and found the building substantial and in good order, located upon a beautiful site in the heart of Los Angeles. Some of the classrooms are not properly or adequately lighted, and we recommend an appropriation of \$5,000 for repairs such as will give more light in said classrooms. The gymnasium could be moved, and additional classrooms made to great advantage; but we believe that it is not absolutely necessary at the present time. The library-room is small and inadequate, but can be made to serve the purpose for the present, and we believe that no appropriation should be made now for constructing a library building.

We also visited the State Reform School at Whittier, and found there a set of good, substantial buildings, with good farming lands surrounding them. The water supply for said institution is inadequate, uncertain, and expensive, and something should be done to relieve this deplorable condition. The management are asking for \$25,000 for developing and storing water; but, upon inquiring of the Superintendent, we were unable to ascertain the probable cost of necessary improvements for water supply, in fact, there seems to have been no itemized estimate made for this purpose.

We recommend that \$5,000 be appropriated for the purpose of developing the water supply, thinking that said sum can be used to advantage. We found that additional buildings could be used to advantage, and that the trades building is not in first-class condition, but in our judgment can by slight repairs be made absolutely safe, and we believe that only such sum as is actually necessary for repairs should be granted for trades building.

A hospital building is very necessary, and we believe that an appropriation of \$5,000 should be made for the construction of a building for hospital purposes.

BOONE, Acting Chairman.

MESSAGES FROM THE GOVERNOR.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, {
SACRAMENTO, February 25, 1899. }

To the Assembly of the State of California:

I herewith return to your honorable body without my approval, Assembly Bill No 293, with my objections thereto.

The bill attempts to appropriate the large sum of \$11,000 for furnishing and fitting out the offices of the Clerk of the Supreme Court with modern metallic filing and book cases, and such other furniture and fixtures as may be necessary for the transaction of the business of his said office, and leaves to the Clerk the approval of the work and the expenditure of the money.

I object to and disapprove of the expenditure of such a sum, as both unnecessary and extravagant. I further disapprove of the expenditure of any sum of money by the Clerk of the Supreme Court without the submission of the plans to, and the letting of the contract by, the State Board of Examiners, and without the approval of every item of expenditure by said Board of Examiners.

In addition to these objections, the bill is objectionable so far as it calls for an immediate appropriation from the funds of the present year.

HENRY T. GAGE,
Governor of the State of California

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, {
SACRAMENTO, February 25, 1899. }

To the Assembly of the State of California:

I have the honor to inform your honorable body that I have approved Assembly Bill No. 308—An Act to amend Sections 2292, 2293, and 2298 of Chapter III, Title V of the Political Code, relating to the State Library.

HENRY T. GAGE,
Governor of the State of California

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, {
SACRAMENTO, February 25, 1899. }

To the Assembly of the State of California

I have the honor to inform your honorable body that I have approved Assembly Bill No 940—An Act to provide for the construction of a sewerage system at the State Prison at Folsom, and to make an appropriation therefor.

HENRY T. GAGE,
Governor of the State of California

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, {
SACRAMENTO February 25, 1899. }

To the Assembly of the State of California:

I herewith return to your honorable body, without my approval, and with my objections thereto, Assembly Bill No 158.

I disapprove of this bill because, among other things, there is no limit placed upon the appointing power of the board referred to in Section 18 of the bill; no limit to the expense it may incur; no limit to the price it may pay the persons employed.

Under Section 18 of said Act the board therein referred to has power to commission as quarantine guardians such person or persons as in its judgment may be deemed necessary. No such tremendous power is lodged anywhere in any State officer, and no such unrestricted power should be vested anywhere.

In the haste and confusion incident to the great labor imposed upon your honorable body, and the necessity of rapid legislation, this great oversight has occurred.

There should be some restraint placed upon the number of quarantine guardians, and some restraint placed upon their compensation, otherwise it is in the power of the board referred to in Section 18 to bankrupt the State.

Again, in Section 6, the "quarantine officer" is given power to enter, for the purpose of search, into the private residence of the citizen. It gives such officer "the power to enter into * * * any warehouse, depot, dock, mole, or any other place, within the limits of the State of California," etc.

This clause should be so limited that it could not be contended that the right of such quarantine officer entitled him to search a private residence.

The phrase "or any other place" should be limited so that it would read: "or any other place of business not a private residence."

Again, the Act attempts to fix criminality upon the owner or persons in charge or possession of any infected trees, etc., if, "within a certain period of time," there is a failure or neglect or refusal to disinfect or destroy such articles.

Parties thus circumstanced should have a reasonable period of time within which to act, and they should not be held criminally responsible, unless they willfully neglect or refuse to obey the reasonable mandates of the quarantine officer.

I am in sympathy and accord with legislation in behalf of the horticulturists of the State, and I regret exceedingly that there has been such negligence in the drafting of measures designed to benefit such interests within this State. Laws should be so framed that a thorough quarantine can be maintained, and making it criminal for any person willfully to violate them.

Something on the lines of Assembly Bill No. 158 should receive careful attention; and I trust that a law may be framed covering all its beneficial features, without the radical objections herein mentioned, and that you may take the bill up, and act upon it as an urgency measure.

The title of such an Act should express its purposes. I am of the impression that the title of the present Act does not accomplish that object.

HENRY T. GAGE,
Governor of the State of California.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, February 23, 1899 }

To the Assembly of the State of California.

I herewith return to your honorable body, without my approval, Assembly Bills Nos. 287 and 288 with my objections thereto.

Assembly Bill No. 288, amending Section 751 of the Political Code, adds to the present force of six deputies of the Supreme Court Clerk an additional chief deputy and a stenographer.

Upon a careful examination of this matter, I find that there is no need whatsoever for such increase. Former Supreme Court Clerks have very well attended to the duties of their office, and have been enabled to take vacations and give vacations to their deputies, even when the number of cases pending have been equal to those now before the Supreme Court.

Assembly Bill No. 287 is supplemental to Assembly Bill No. 288, and amends Section 756 of the Political Code, and proposes that the salary of the newly created chief deputy clerk of the Supreme Court shall be \$2,400 each year—an increase over the salaries of the other six deputies of \$600 each year.

In addition to this, it is proposed to pay the newly created stenographer of the Supreme Court Clerk an annual salary of \$1,200.

As I have before said, there is no necessity for the creation of such offices, hence no need for such large expenditures. If the proposed constitutional amendment creating an intermediate Court of Appeals should be passed and carried (and I, personally, favor such constitutional amendment), then the offices created by Assembly Bills Nos. 288 and 287 would be sinecures. Even now, in my opinion, the present force of the Supreme Court Clerk is fully sufficient for the work required.

HENRY T. GAGE,
Governor of the State of California

RICKARD, Chairman

MESSAGE FROM THE GOVERNOR.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, February 25, 1899. }

To the Assembly of the State of California

In my message to your honorable body of this date (February 25, 1899), disapproving Assembly Bills Nos. 287 and 288, a misconstruction of the bills appears in the message, owing to the ambiguity of the language of the bills, which error, in justice to the Clerk of the Supreme Court, I desire to correct

The message referred to states that by the said Assembly Bills Nos. 287 and 288 an additional stenographer is created, thereby increasing the salary to be paid to the deputies in the aggregate annual sum of \$2,400. This, however, is incorrect, as there is but one office created, namely, that of chief deputy, with an annual salary of \$2,400, and one of the other six deputies (designated therein as a stenographer) is to receive a salary reduced to \$1,200, so that the aggregate annual increase is \$1,800.

Notwithstanding this correction, my views as to a necessity for any increase in the number of deputies in the office remain unchanged, and I am still of the opinion that at this time there is no urgent necessity for this deputy

HENRY T. GAGE,
Governor of the State of California.

By Mr. Johnson:

Resolved, That the Sergeant-at-Arms is hereby instructed to prepare and put in place a properly lighted telephone booth for the use of the Assembly

Resolution adopted.

By Mr. Cargill:

Resolved, That the State Controller is hereby directed to draw his warrant in favor of C. W. Kyle, Chief Clerk of the Assembly, for the sum of \$140, for the purpose of paying for postage, telegraphing, rubber stamps, rubber stamp utensils, and expressage during

the present session of the Assembly, and the State Treasurer is hereby directed to pay said warrant out of the appropriation for the contingent expenses of the Assembly.

PETITION—(OUT OF ORDER).

Resolved by Glen Ellen Grange, assembled in regular session this, the 20th day of January, 1899, That in behalf of the producers of Sonoma County and the State of California, we demand the same economy in the conduct of the various offices of this Commonwealth that is a marked feature in the management of all successful business concerns; and be it further

Resolved, That with this object in view we demand that all useless commissions and sinecure positions be abolished, and that the salaries of all State officials and their deputies be so adjusted as to secure a reduction of at least 25 per cent—in short, less favors for tax-eaters and immediate relief to taxpayers, thus offering better inducement to capital and new settlers;

Resolved, That other granges be requested to take similar action.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 2, 1899. }

To the Assembly of the State of California:

I herewith return to your honorable body, without my approval, Assembly Bill No. 132, with my objections thereto. The language of the bill is so obscure, where it purports to permit full satisfaction to be entered after a sale under foreclosure, that it would, apparently, release any judgment debtor from a deficiency judgment after foreclosure.

HENRY T. GAGE,
Governor of the State of California.

Ordered to unfinished business.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 2, 1899. }

To the Assembly of the State of California:

I herewith return to your honorable body, without my approval, Assembly Bill No. 113, with my objections thereto.

This bill amends Section 1050 of the Code of Civil Procedure by adding thereto the following words: "And in such action any defense may be made by the plaintiff to such claim which he would be entitled to make were an action brought by the defendant against the plaintiff."

If the language of this amendment is to bear the most favorable construction, then

it adds nothing to the strength of the original section, for this has been the settled law upon the subject.

It is, however, capable of a construction which might give to plaintiff in such action a defense which would have the effect to defeat the right of an innocent assignee of a negotiable instrument assigned before maturity.

HENRY T. GAGE,
Governor of the State of California.

Ordered on unfinished business file.
